As part of the Cleanliness Drive, the volunteers of NSS unit conducted a one day Panchayath Road Cleaning programme on 26/12/2021. The programme was divided into two sessions. In the initial discussion and planning session, the programme officers and volunteers discussed on how to sort and dispose the garbage effectively. The volunteers were divided into two groups – one for collecting degradable waste and the other for collecting non degradable waste. They cleaned the road and collected the waste. Sorting, cleaning and disposal of the plastic waste were a big task for our volunteers but with their sheer enthusiasm and deep dedication to the community service, they successfully completed their work. The degradable waste was sorted and disposed. The plastic waste was disposed by the plastic crushing unit of our college.
