World Environment Day aims to inspire everyone to make their voices heard — citizens need to urge their governments to deliver on their commitments to safeguard the nature, end pollution and ensure that environmental laws are upheld.

NSS unit organized Environmental Day Programme on 5th June 2019 at 11.am. This year also we planted fruit trees around the college and as an epilogue to this, college staff and students took SuchithwaPrathinja (Cleanliness Pledge). This oath we took on the World Environmental Day every year to assure ourselves to keep our surrounding clean. The programme has been entrusted to every NSS Unit under MG university by the SwchhtPakhwada Programmes of Prime Minister. 50 students and 10 teachers took part in the programme.

As part of the Environment Day, a marathon was conducted by the Department of Tourism and Hospitality Management on **10 June 2019 at 7.30am**. The motto of the program was 'Heal the Earth, Heal the Future' by preserving the Environment. The marathon was officially inaugurated by the college principal Dr.G.S. Gireesh Kumar by giving a meaningful message about our responsibility towards the environment and the need to preserve it. 25 students from different colleges participated in this programme as part of responsible tourism. The first and second prize was secured by Christ College, Irinjalikuda and Alphonsa College, Pala. Seventy five students and five staff actively participated for the successful completion of the programme.

Based on the direction from MG University, Kottayam, our NSS unit organized *ValicheriyalMuktha Campus-Nagaram* Programme on 22nd June 2019 at 10.am. Purpose of the programme was to make the pupil and the public aware of the need for cleanliness; which will otherwise damage our environment and our future. On the day students distributed notices to the shopkeepers and the public at Melukavumattom town. This was a continuation of the SwachhatPakhwada programme of Central government. Seventy eight volunteers and four teachers very actively participated in the programme.

Breast cancer is by far the most common cancer in women worldwide irrespective of the status of the country viz. developed, developing, least-developed, or heavily indebted. In low income and middle-income countries, the incidence has been rising up steadily in the last few years due to increase in life expectancy, increase in urbanization and westernization.

In Association with Govt. Medical College, Kottayam and NSS Unit of Henry Baker College organized a programme on breast cancer awareness on 24nd June 2019 at 1.30pm, named SAKHI. This was a very useful programme for all the student volunteers and Kudumbashree members. 42 students and 15 Kudumbashree members participated.

3-10-2019

1

Kurathykudi, is a Muthuvan tribal settlement in the Idukki district. The settlement is in the inner forest of Mangulam forest range. On 3rdOctober 2019 a team of four members, Dr. Gireshkumar G. S., Principal, Mr. Justin Jose, NSS Programme Officer, Mr. Anish Thannikkal, Head, Department of Tourism and Hospitality Management and Dr. Nisha Joseph, NSS Programme Officer visited the Kurathykudy tribal settlement to learn about the socio-economic profile of the people in the region. As it is a restricted area, entry is permitted to few.

As a first step, the team members visited Kudis and conducted a survey to find out the educated youngsters in the settlement. As a result, we got a list of 148 educated youngsters. Even though some of them have completed Higher Secondary education, they have not gone to higher education or are not employed. Others in the list are dropouts from the school. Moreover, as the settlement is in a remote region, they lack communication facilities and are ignorant about the higher education facilities and employment opportunities. Many were first generation learners also. The team understood the need to support them.

HBC CLOUD is an initiative to generate eco-friendly living habit among new generation. On 16th October 2019 at 9.am Henry Baker College launched a widespread Tree Plantation Programme on the occasion of the One day international conference on “*Celebration on Education and Cultural Diversity*”. This programme aims to select the empty places and the roadsides to plant saplings in a well-organised way. The plantlets are intended to be collected by the students from various sources at free of cost. In order to restore the eco-balance, the afforestation drive was taken with all seriousness. The college fraternity is highly enthusiastic to make it a big success. The delegates of the international conference from 7 countries also planted trees in the campus. Within the campus students planted saplings, fenced them and watered the plants. 127 students, teachers, PTA representatives and delegates from 7 countries participated in the event. The programme created an excessive stir among the school students, college students, parents and general public too.

RESPONSIBLE TOURISM (WARD ADOPTION)	
NAME OF THE ORGANIZING/COLLABORATING AGENCY	
B.VOC TOURISM AND HOSPITALITY MANAGEMENT	
Date and time of the event	Number of students participated
29-10-2019	48

The Department of Tourism and Hospitality Management initiated a project based on Responsible Tourism in order to make each individual aware about the fact of being responsible towards the society and tourism.

The aim of the program was - To educate the people of the area on responsible tourism and take necessary steps to promote responsible tourism in the region in cooperation with the people. For that, on **29th October 2019** with the cooperation of the College Management and MelukavuGramapanchayat, a Ward (Ward No 12) was adopted by the students of Tourism department to transform the chosen area into a fully self-sufficient area with clean ambience and thereby make the people aware about the environmental responsibility that each individual have. It's all about making better places for people to live in and better places for peoples to visit. 48 students and 5 teachers actively participated in the programme.

Objectives

- ***1. Complete Plastic Disposal***
The recycling of plastic in the selected ward will be done on commercial basis and the proceeds will be used for the development of the ward and college.
- ***2. Organic waste management***
Each household is focused on collecting and distributing organic waste and converting it into organic manure
- ***3. Energy conservation***
As part of energy conservation, people are trained in its operation and are promoting the use of solar energy
- ***4. Health Care***
Lifestyle measures to cover the entire population in one ward.

10-3-2020	15

On 10th March 2020, Tuesday the Henry Baker College, Melukavu organized a sapling planting event under the banner of HBC Cloud. The Representatives of both the institution were reported the school garden at 09:00 am morning and Dr.Gireesh Kumar G.S, Principal, Henry Baker College, Melukavugave saplings to Smt. Mariyamma Thomas, Headmistress, C.M.S H. S Melukavu. The HBC CLOUD had an epic strategy of the generation i.e. the best 3 plants means the plants which will be giving better fruits and flowers will be given to the other institutions, so the students coordinators do all their work with their utmost concentration. The teachers, non-teaching staff, non-students all were indulged in the process of plantation. Robin Ninanson, the student's coordinator gave a vote of thanks to all the teachers and the students. 15 students and 5 teachers participated in this venture.

Henry Baker College, Melukavu conceived a Massive Tree Planting Programme named HBC CLOUD with the aim to increase green cover, mitigate the adverse effects of various environmental pollutants etc. In a conversation with The Plants, HBC Cloud shares incredible journey driven by an overwhelming love for plants. This programme is designed by Henry Baker College for the survival of the fittest against everyday air pollution. The third phase is that the college authorities went to the houses and gave saplings to them. On 16th March 2020 as part of the HBC Cloud project launched by Henry Baker College with the message of planting trees to prevent climate change, College principal Dr. Gireesh Kumar G.S handed over saplings to Manoj T. Benjamin, teacher Government Higher Secondary School, Chathamattom. Five students and 2 teachers participated in this venture.

PRODUCTION OF SANITISER AND MASKS	
NAME OF THE ORGANIZING/COLLABORATING AGENCY	
HENRY BAKER COLLEGE	
Date and time of the event	Number of students participated
17-3-2020	35

With the increased demand for hand sanitizers and masks in the wake of the coronavirus scare, students have made low-cost sanitisers which met WHO guidelines. The teachers and students of the Department of Physics under the leadership of COVID Cell produced alcohol based hand sanitisers in their laboratory on 17th march 2020. The production was of immense significance at a time when there was a scarcity of hand sanitisers in market and frequent washing of hands is suggested as the most efficient measure to prevent the spread of the Covid-19. It was indeed a timely initiative and productive effort as many students utilised the opportunity when they came for University examination. Thirty five students and eight teachers took efforts to produce Masks and sanitiser.
