PRINCIPAL'S DESK

Dear parents, students, alumni and well-wishers,

Greetings from Henry Baker College!

An exuberant welcome to the academic session 2019-20! Let us pave the way to its commencement with great fervor and supposition for achieving towering standards in the field of academics and other essential skills.

It gives me immense pleasure to invite you to take an initial peek into the heart that beats behind the appealing façade of Henry Baker College, Melukavu. I profusely thank you for your interest in this higher educational institution, situated in a rural and tribal setting, which has recorded four decades of constant development, in the course of which it has accomplished much, making it one of the colleges recognized for its excellence.

Education awakens the power and beauty that lie within us. Education does not only mean academic excellence, rather it is a synchronized combination of hand (Skills like different Arts), head (Intellectual Capacity) and heart (Value System). In today's digitalized world, it is the biggest challenge for educators and parents, to nurture the young minds with the indelible impressions of a holistic education.

The college has carved a niche for itself, with the dedicated efforts of our deeply committed management team, talented teachers and active parents. We are committed to provide enjoyable learning

experiences by providing students an exquisite platform to hone their creative and inter-personal skills. The rich alumni of college are a clear example of their cherishable and vivid learning experiences at this college. The college is pledged to instill the much

required values in the students without compromising their scientific temperament and questioning spirit with the motto "From Darkness into Marvelous Light".

At HBC, we believe that 'education' is a wholesome, holistic exercise and as such we strive to give a whole new meaning to the word. Coupling this basic premise with the idea of a sense of belonging to one family—the HBC family—we look at ourselves as 'care-givers.' We care for the mind—ours is a sterling academic institution; we care for the person—the accent is on the all-round development of personality. I wish you the best in the process of seeking to become a part of this family.

Wholeheartedly welcome to your new life at Henry Baker College to be agents of transformation and development at different levels of life and we hope you have a great time with us.

Dr. Gireesh Kumar GS

International Day for the Preservation of Ozone Layer – September 15 was designated by the United Nations General Assembly to commemorate the day on which the Montreal Protocol was signed.

The Ozone layer or also known as Ozone shield, a delicate layer of gas, in the Earth's stratosphere absorbs most of the Sun's ultraviolet rays. These rays can cause numerous skin diseases. In the last few years, the ozone layer has depleted extensively.

On September 16, 1987, the United Nations and 45 other countries signed the Montreal Protocol, on

substances that deplete the Ozone layer. Every year this day is celebrated as the International Day for the Preservation of the Ozone layer.

The purpose of the Montreal Protocol is to protect the Ozone layer by

reducing the production of substances that are supposed to be responsible for Ozone layer depletion

On 16th September 2018, the Ozone Secretariat of the Protocol urged everyone to “keep cool and carry on.” To raise awareness and give prominence towards preservation of ozone layer to young minds, the Department of Physics and Nature Club

of our college with the support of Kerala State Council for Science, Technology & Environment (KSCSTE) observed World Ozone Day 2018 based on that year's focal theme “keep cool and carry on.” Holding this event has helped motivate students to reduce and recycle waste materials. After completing this activity, students were also interested in taking part in more environmental events. Invited lectures and intercollegiate power point presentation competitions

were conducted. More than 75 UG students participated in the celebration.

The one day programme was conducted in two sessions. The session I constituted the inaugural function

followed by an invited lecture by the chief guest. The session II comprised of film show, intercollegiate power point presentation competition and valedictory function.

INDEPENDENCE DAY

The Independence Day of India, which is celebrated religiously throughout the Country on the 15th of August every year, holds tremendous ground in the list of national days, since it reminds every Indian about the dawn of a new beginning, the beginning of an era of deliverance from the clutches of British colonialism of more than 200 years. It was on 15th August 1947 that India was declared independent from British colonialism, and the reins of control were handed over to the leaders of the Country. India's gaining of independence was a tryst with destiny, as the struggle for freedom was a long and tiresome one, witnessing the sacrifices of many freedom fighters, who laid down their lives on the line.

According to the natives the cave exists, at least for last hundred years. But no human occupation is possible in the cave. Visit to Urali Tribal Settlement Pattayakudi, Idukki

On 17th April 2019, fifteen first year postgraduate students and two teachers (Dr. Nisha Joseph and Mr. Krishnadas Chinnappan) from the department of History visited Pattayakudi tribal settlement. Pattayakudi is one of the oldest Urali tribal majority areas in Idukki district. We were very cordially welcomed by the ST promoter Mrs. Mini and few elders.

Around 10.30 am we reached the settlement. ST promoter Mrs. Mini from the Urali community helped us to reach there. It was their temple festival day. There we met Ur Mooppan Mr. Jayarajan and Kunjunj, (an elder man from the community), along with Mrs. Mini and interacted each other.

Later they took us to the community hall, where they always gathered for their important meetings. After a formal welcome by Dr. Nisha Joseph, students started to interact with the representatives of Urali tribe. Ur Mooppan Mr. Jayarajan, explained their culture, traditions, festivals, faith system, tribal

treatment, educational backwardness etc... Mr. Kunjukunj, an aged man, is a fountain of knowledge and he explained community's history. He told us about their worship of forefathers, special vows and offerings paid to them, and their hardships during the rainy seasons etc... another important person from the community who interacted with us was Mr. Gangadharan. He was a performer of Urali art. He sang a song in their mother tongue, which is totally unfamiliar to us. Ur Mooppan reiterated that these are occasions for them to remember their language and culture.

From there we went to Meenoliyampara, a tourist centre, which is also famous for Megalithic monuments. During the journey Kunjukunju Chettan elaborated their culture and tradition and significance of rivers, mountains and forests in their life and how they revere them. When we came back from the Meenoliyampara, few families had come back from the temple and we interacted with them and visited few Kudis. This visit may be the last recording of their culture because consecration of a new temple and the presence of Uralis there show a kind of Hinduization of tribal culture. At present most of the tribal youngsters are reluctant to reveal their identity as tribes. Anyway, the visit to Pattayakudi was a wonderful experience for the staff and students of the Postgraduate Department of History Henry Baker College Melukavu.

WALK WITH A SCHOLAR (WWS) PROGRAMME 2018-19

WWS Scheme is a new initiative of the Board of Higher Education aiming to make our students competent enough to perform better in their career. It proposes to arrange specialized mentoring programs for UG students and to provide guidance for their future. The scheme aims at giving necessary orientation to bright students who can excel in their disciplines, to give them necessary guidance, motivation and mental support to identify appropriate areas for higher study as well as future employment. This programme is meant for the best 60 students of a college who need career and academic guidance. These sixty students are to be selected from the first year and second year UG classes for the academic year 2018-19. This scheme introduces the idea of mentoring and building up a concept of mentor as a 'Guide' and 'Friend'. Mentoring is a process wherein a mentor with great experience and wisdom guides the mentee to develop personally and professionally.

In our College WWS started functioning with an objective of helping and nurturing the inherent talents and potentials of our students by widening their areas of interest and inspiring them to aim high. As per the directions from WWS office, our college has decided to participate in this initiative. Prof. Elizabeth Joseph, Asstant Professor in English was appointed as the college level coordinator. SCHOLAR SUPPORT PROGRAMME (SSP): 2018-2019

It is with immense pleasure we submit the report of scholar support programme for the academic year 2018-2019. Primarily we are thankful to our well wishers and stake holders for their unstinting support and whole hearted cooperation. The programme started in our college during academic year 2018-2019 onwards. The forty first year Students were selected to the SSP from departments of Commerce, English, History and Physics. Everything was done as per the rules and regulations of the programme and with the consent of the council.

This is a turning point where attention is focused on teachers as flag holders. The needy students get additional attention and they get an opportunity to learn the concepts and ideas again and again which are difficult for them. Through the new study method (Internal - External Mentoring), students became more informed and became more interested

in learning. Simultaneously, students from these classes became clear about their lives and their future. All the classes ended up precisely. 60 External classes were completed with the help of 6 teachers. Abin Joseph, the ASAP trainer took 22 classes about learning skills, interpersonal skills, public speaking, language practice, time and stress management etc. Ms. Glaries George (Life skills), Savio K Sanichan (Social skills), Ajith P.C.(Internet, search engines, Word processing, Introduction to Computers) and Kiran James Mathew (Language Practice, Personal values) took 5 hours each.
